

AN INTRODUCTION TO MY
PORTRAIT STUDIO

DEBS J PHOTOGRAPHY

FIRST THINGS FIRST.. HELLO x

Thank you so much for reaching out to me, I know there are lots of amazing photographers out there and that fact you choose to contact me means we have the same vision with your family photos.
I am so incredibly excited to hear from you and look forward to getting to know you and your family.

A LITTE ABOUT ME

I have been working as a professional photographer for 10 years. My huge love of people and pretty things makes me feel like the luckies girl in the word because I get to capture both of those things weekly.

I will not pose you so you feel uncomftable but I will guide you and give you direction when you need. The main aim for you is to relax and just enjoy being with the ones you love. And for the kids they just get to play outside and have fun with their new friend.. me!

For me its the feels and moments I want to capture. With family I will capture you both as you truly are.

You will get a mix of everything with me... arty shots, emotional moments, posed family, everything in between and all that your family is.

You will be left with images that you will cherish and love forever....

This is my mission!
