YOUR PORTFOLIO SESSION

Thank you for choosing me for your portfolio session.
I understand that your portfolio is what makes you stand out from the crowd and secure you the castings you dream of...
I will provide you with images that will capture the essence of you, show case your strengths and we will work together to come up with the mood board of your dreams.

ALL YOU NEED TO KNOW

BE PREPARED

- Please send me over any insop you have for you session... you can share a Pinterest board, whats app me, insta msg or email! I really don' t mind. Its just so I can see what you are dreaming of for you photos.

If you don' t have any thats ok too, your agent can share what their vision is for you or you can leave it up to me!

I have plenty of saved mood boards that we can get inspiration from and take it from there.

- Once we have decided on were we want to head with your session we can start to think about outfits. I have a client wardrobe and some contacts at different brands and of course you have your wardrobe also.

- When choosing from your wardrobe, think statement pieces, colour tones that will work with the mood board. Also using pieces that have movement can look amazing as well as accessorising. - Feel free to get creative with your outfits

- If you have lots of outfits... bring them all!! it means we have lots to choose from and work with. Before we start shooing we will come up with an outfit plan. I love dress ups so if you are unsure, I got you!

BE PREPARED

- For all sessions its a good idea to bring a towel or something to get changed behind some places do not have bathrooms. Don' t worry I will help you and we can make it very discreet. And as most of you have done before you you can use the car change room! The towel is also useful if we are using water in the shoot to wet your hair or all of you.

- Its a nice idea to think about your nails! your hands will be in the shots. This also brings me to hair and makeup... This is can make a shoot! you don' t have to get it professionally done but make sure that its on point with the mood board. Some sessions I recommend it, others its not a priority.

I can recommend some HMU babes if you would like.

- Please allow yourself plenty of time to get to your location, as I want you to be relaxed when you arrive.

- if we are doing swim ware or partially nudel suggest to avoid wearing snug underwear that will leave marks on your skin before the shoot.

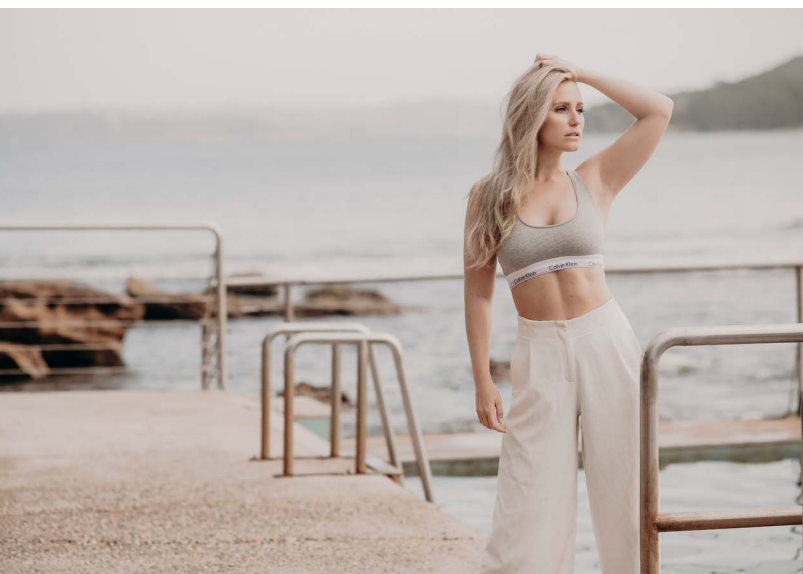

- lastly for now! Trust me I am here to get you shots that you cant wait to share, have fun and don' t be afraid to try something different.
